Training, per day Up to seven hours of delivery, preparation included.	from €800 / day
Training with travel On site away from the Dordogne. Plus travel and accommodation at cost.	from €1,500 / day
One-to-one coaching and consulting Coaching, advice, programme design.	from €90 / hour

Designing a new programme from scratch, bespoke materials, larger groups and assessment work are quoted on top, once we know what's needed.

LAUNCH-READINESS AUDIT

A structured review of an application you've built, covering security weaknesses, user experience flaws and code health. The report is written so that you, your developer, or an AI coding assistant can act on it directly.

Essential One codebase, one backend and database, fewer than 25 routes or screens, single authentication method, no payments.	from €700
Standard Adds payments, third-party integrations, multiple user roles, or 25–75 routes.	from €1,400
Complex Multi-tenant architecture, multiple repositories or services, or more than 75 routes.	from €2,500

- Findings ranked by severity, each with reproduction steps
- Fix guidance written to be actioned directly by a developer or an AI coding assistant
- A prioritised remediation plan
- A 45-minute walkthrough call

Not included: penetration testing, compliance certification, and implementing fixes. The tier is confirmed on a free 20-minute scoping call. A re-audit once fixes are made, within 90 days, is 40% of the original tier.

MONTHLY SUPPORT FOR FOUNDERS

You keep building; I provide the structure. A monthly block of reserved hours for security review, test planning, release checklists, architecture guidance and a regular call.

Essential 4 hours a month · reply next business day.	from €440 / month
Standard 8 hours a month · reply same business day.	from €800 / month
Priority 16 hours a month · reply within 4 hours.	from €1,440 / month

Three-month minimum, one month's notice to cancel or change plan. Unused hours carry over for one month. Hours beyond the plan are billed at €90 / hour.

USER TESTING

Structured testing with real users before you launch: test design, scheduling your testers, running the sessions, and a report with recommendations.

Pulse

from €1,400

Test design from proven templates, 4 remote sessions, findings report, 45-minute debrief.

Standard

from €2,700

Bespoke test design, 8 remote sessions, severity-ranked findings and recommendations, 1-hour debrief.

You supply the list of testers unless recruitment is added (€600). Participant incentives, if any, are arranged and paid by you.
